We find further that arrangements are now being consummated by which he will meet remaining obligations.

In view of the foregoing we recommend a trial not necessary.

CONFERENCE REPORTS.

THE BIBLE CAUSE.

Your committee to whom was referred the Bible Cause, beg leave to submit the following report:

We regard the distribution of the Scriptures as of vital importance in the evangelization of the world, and we find that the American Bible Society through her agencies, is doing a grand work in this direction. In our own District, Alabama and Florida, under the efficient management of Dr. Parker, agent—a man well qualified by gifts and graces—the people are being supplied with the Scriptures. The Society has had at work during the year, twenty men, canvassing the various sections of this District, supplying the people with the word of Life, by sale at cost and by donation.

From this canvass it is learned that from 10 to 50 per cent. of the white families and from 40 to 80 per cent of the colored people are destitute of the Bible.

To supply this destitution, The American Bible Society has spent over \$8,000, and has received in return \$4,000 from the field. Thus it is seen that the Society has spent over \$4,000 more than its receipts.

The rapidly increasing population of our section of the country, makes it necessary that we press this work of supplying the people with the Scriptures, with vigor.

The American Bible Society has circulated in the South in the last eight year, over eighteen hundred thousand copies of the Scriptures—of this number donated ten hundred thousand copies.

In view of the fact that the American Bible Society is the adopted channel of the M. E. Church, South, for circulating the Scriptures in Home and Foreign fields, and in view of the fact that this work is carried on at an immense cost, and in view of the fact, that the Society is dependent on the benevolence of the Church to carry the work forward, therefore,

Resolved, That we try to raise the amount asked for from each charge by the District Superintendent.

Respectfully surrendered,

B. E. LEDBETTER.

BOOKS AND PERIODICALS.

Committee on Books and Periodicals have carefully considered all matters referred to them and beg leave to submit the conclusions arrived at:

We rejoice in the able management, financial strength, marked improvements, and increasing success of our Publishing House, as set forth in the report made to the Conference by our agents, Drs. J. D. Barbee and D. M. Smith. It well deserves the most cordial support of our people in all the borders of our Methodism.

The Nashville Christian Advocate under the able editorial management of Drs. E. E. Hoss and E. M. Bounds not only maintains its high standard, but excels in all those features that should characterize the connectional organ of our Church. Surely it merits a place in every home.

Our Quarterly Review is most ably edited, par excellent in every respect, and truly worthy of the great Church it represents. It should be self-sustaining. Every Preacher and Layman who would keep abreast of the thought of our age should not only subscribe therefor, but read and circulate the same.

Of our own S. S. Periodicals, we cannot express ourselves in terms of praise too high, nor commend to our people in language too strong. In the words of our sainted McFerrin they are "as cheap as the cheapest and as good as the best" of S. S. Literature now offered.

While we would mention the whole family of Advocates in terms of commendation, we would call especial attention to the Florida Christian Advocate, the youngest of the family circle, brought forth in the fulness of our times, a child of faith and prayer. It has been under the wise and able editorial management of Dr. Josephus Anderson.

We bespeak for our paper a place in every home and an interest in the prayers and sympathies of all our people.

In view of the above, therefore,

Resolved. 1. That as Preachers and Laymen we will endeavor to sustain our Publishing House and circulate our connectional organs and church literature.

Resolved. 2. That we as Pastors and Laymen pledge ourselves to press the claims of The Florida Christian Advocate before our Church Conference early in the year and persistently endeavour to increase and extend its circulation.

Resolved. 3. That touching the "Resolution" referred to us relative to the assessment of \$1,000.00 for the benefit of the Advocate, we do recommend nonconcurrence

Resolved, 4. That we petition the presiding Bishop to re-appoint Dr. Josephus Anderson editor of The Florida Advocate for the Conference year 1991.

T. C. BRADFORD, Chairman.

BOARD OF EDUCATION.

The Methodist Church has always been the friend and promoter of Christian education. Its founder was a thoroughly educated man. Methodism was born in a College. John Wesley wrote books, compiled libraries, published periodicals, and established schools for the education of preachers and people. His example has been followed by his successors, and they yield to none in the earnestness of their endeavors to advance the cause of Christian education in our great country. While in this fair Southland, we cannot boast of costly and commodious buildings with large endowments, we are doing the best we can with our present facilities and hoping for bright and better days.

We are gratified to learn by the report of Dr. Candler, that Emory College is enjoying an unusual degree of prosperity. The large enrollment of students for the present year gives striking evidence of the popularity and efficiency of this noble Institution of learning. The generous offer of Rev. W. P. Pattillo, to give \$25,000 towards the endowment, on condition that \$75,000 be raised from other sources has met with a hearty response, and President Candler is sanguine that the whole \$100,000, will be secured by the opening of the spring. We can, without hesitation, recommend this honored Institution to the patronage of our people.

No written report of our Wesleyan Female College has come before the committee; but we learn from other sources that it maintains its usual efficiency, and its present patronage is equal to that of any period in the past. If our people feel that they must send their daughters out of Florida to secure a thorough Christian education, we commend the Wesleyan Female College at Macon to their patronage.

The Florida Conference College seems to have entered upon a new era of prosperity, having enrolled this season, a larger number of students than at any period in its history. Up to the present, 150 students are under tuition, receiving the instruction of seven competent teachers. A large class of young men are preparing for the ministry, and one has applied for admission into the Conference. A new building has been erected during the past year costing \$1,200; and the only debt now remaining on the College is \$400.00 on this new building. Unpaid subscriptions amounting to \$1,200, are now due, the payment of which would give greatly needed help.

A very serious question is pressing itself upon the Board of Trustees, which cannot be overlooked without serious embarrassment to the work of the College. A statement concerning the salaries of the Professors reveals the fact, that \$450 per annum has been the maximum amount received by each. Competent Instructors cannot be expected to continue in our College for such meagre remuneration. Something must be done, and promptly too, if we wish our college to reach the state of efficiency we desire.

After careful consideration of the whole question, your committee recommend the adoption of the following resolutions :

1. That each preacher be requested to present the claims of the Florida Conference College to his charge, and raise a collection in its behalf.

2. That any person who will pay a certain amount, may give his note, payable in such annual installments as he may desire; provided that anyone paying \$50 annually be entitled to same in tuition fees of one scholar.

3. That these collections be taken, beginning in the month of March, and the amounts be sent to the Treasurer, C. W. White jr., of Citra.

4. We recommend that Dr. T. W. Moore be appointed President of the College, and that Rev. E. G. Chandler and Rev. Thomas Griffiths be appointed Professors.

Also, that Rev. F. Pasco be appointed to Duval High School.

JOHN M. PIKE.

Chairman.

ATLANTIC CAMP-GROUND.

The Board of Trustees of the Atlantic Camp-ground beg leave to report that on legal sales day, the first Monday in November, 1890, in the city of Jacksonville, Duval county, Florida, a tract of land containing 135 acres, including twenty acres known as the Atlantic Camp-ground, deeded to our church for camp-ground purposes, was sold at public outcry, to satisfy a judgement against the property, given against said property, by the courts fourteen years ago.

Being impossible for the Board of Trustees to save the property the Camp-ground has thus passed out of our hands.

J. B. ANDERSON, Chairman.

DISTRICT CONFERENCE RECORDS.

We have carefully examined the record books of the Tallahassee, Live Oak, Gainesville, Jacksonville and Tampa Districts. It gives us pleasure to report that the records of the Tallahassee, Live Oak and Gainesville District Conferences have been faithfully kept, and we congratulate those Conferences on having secured the services of efficient Secretaries.

In the record book of the Jacksonville District Conference the report of the Committee on Quarterly Conference Records has been pasted in the book, instead of being recorded.

In the record book of the Tampa District Conference the reports of committees have not been recorded, the minutes are not signed by the presiding elder, and various other mistakes and omissions appear.

The record book of the Orlando District Conference has not been submitted to your committee, and we would respectfully call the attention of the presiding elder of that district to the Book of Discipline of the M. E. Church, South, page 80, sec 3, paragraph 115.

F. R. BRIDGES,
A. M. DAIGER,
R. O. WIER.

SABBATH OBSERVANCE.

Your committee respectfully report:

The obligation to observe the weekly Sabbath rests not alone upon humane or economic grounds. The Sabbath is a Divine institution. It is designed not only to afford needed rest from bodily and mental labor, but to promote spiritual culture. Indeed, we consider the last-mentioned object to be the chief end and purpose of all God's enactments on this subject. He who merely abstains from secular labor does not meet the requirement. "Remember the Sabbath Day to keep it *holy*. To spend the sacred day in frivolous amusements, or any sort of worldly pleasure-seeking is surely a more flagrant desecration of its sanctity than to employ the time in useful work. We therefore offer the following resolutions for adoption by this body:

Resolved, That we are in hearty sympathy with all judiciously directed efforts to procure appropriate national, state and municipal legislation for the protection of the sacredness of the Holy Sabbath.

Resolved, That in the fear of God, and love of human souls, we make our earnest protest against the profanation of the day, in any form whatever, by individuals or by any and all kinds of secular corporations.

E. L. T. BLAKE, Chairman.

ON TEMPERANCE.

Your Committee on Temperance having considered the subject, present the following for your consideration. Our present prohibitory laws we believe would be amply sufficient were they enforced. We need laws looking to the enforcement of our present laws by inflicting punishment on those who are evading them by club rooms, drug stores, and physician's prescriptions, and we think that every lover of good morals and government should insist that we have a law punishing drunkenness and requiring conductors to arrest and confine if necessary drunken men on their trains. and fining and imprisoning all salesmen or women who shall sell or offer to sell any liquors, including wines and beers of all kinds, in counties that are dry. Another evil to be overcome is the jug trade. To do this we think that all public carriers should be prohibited from carrying these liquors into dry counties. How to accomplish these ends is a question upon which many of our best temperance workers have disagreed and we feel satisfied that the best thing for us to do is to try and formulate some plan upon which all temperance workers can agree.

Temperance workers being human, we consider this too great a task for us to undertake with so little time before us; we would therefore respectfully recommend,

1st. That we respectfully request Rev. H. E. Partridge and Rev. J. M. Pike to act as a committee who shall be instructed to invite a similar committee from other Christian churches to meet them for the purpose of formulating some plan upon which all can agree for the suppressing of the liquor traffic. We also include the W. C. T. U., the Y. M. C. A. and the different orders of Temperance workers.

2nd. That we respectfully request our legislature to pass such laws as are necessary to enforce our present prohibitory laws.

3rd. That we request Rev. J. P. DePass to bear this our request to the legislature, which meets in Tallahassee in April, 1891.

REPORT OF SUNDAY SCHOOL BOARD.

The figures furnished to the Conference show that we have 303 schools; 1,752 officers and teachers; 12,092 scholars; 814 scholars have joined the church, and \$632.70 have been raised in the schools for missionary purposes. This is a gratifying increase.

The reports of the Secretary and Treasurer show that 31 Sunday Schools, with 1,084 scholars, were organized by the aid of our Board during the Conference year.

The plan formulated at our last annual meeting, i. e., aiding schools to secure libraries, has worked successfully. We recommend all our schools to use the plan.

We also recommend that the appropriation for helping to secure libraries be increased to \$10, or dollar for dollar up to \$20.

The District Sunday School Conferences wherever held, have given an impetus to our work for good. We earnestly urge the holding of these Conferences, during the incoming year, in each presiding elder's district.

We urge the observance of "Children's Day" in all our charges.

We respectfully request the Presiding Bishop to appoint an Agent, to travel throughout our Conference, whose duty it shall be to organize Sunday Schools, and to promote the interests of the cause in general, for which he shall be paid a salary of \$600, the same to be paid out of the collections he shall take, and all sums over said amount shall be paid to this Board for use in its work.

We commend to our pastors the series of tracts and leaflets on Sunday School work, edited by J. A. Pepper, and published by our Publishing House.

ON OVERTURE FROM PRESBYTERIAN CHURCH.

Your committee to whom was referred "An Overture and Petition from the General Assembly of the Presbyterian Church in the United States of America" have carefully examined the same, and beg leave to make the following report:

Resolved, 1. That it is the sense of the Florida Conference of the Methodist Episcopal Church, South, now in session in Monticello, Fla., that the subject of international questions as set forth in the Overture from the General Assembly of the Presbyterian Church are of great importance to all Christian people and all nations.

Resolved, 2. That this Conference is in hearty sympathy with the Presbyterian Church in the movement to secure the settlement of differences between nations by arbitration and not by war and bloodshed.

Resolved, 3. That this Conference endorse and adopt the petition prepared by the General Assembly at Asheville, N. C., on the 23rd day of May, 1890, a copy of which has been sent to this body for consideration.

Resolved, 4. That the bishop now presiding over the session of this Conference appoint a delegate from this body to the peace conference to be held at such time and place as may hereafter be named by the committee appointed by the General Assembly for said purpose.

Resolved, 5. That the Secretary of this Conference notify the committee of the General Assembly of the action of this body.

J. B. ANDERSON,
J. M. PIKE.

ON PAINE AND LANE INSTITUTES.

These institutions are engaged in educating and training teachers and Preachers under the auspices of the Colored M. E. Church in America. Both have been recognized and endorsed by the General Conference of our own church, which appointed Rev. W. M. Hayes commissioner to solicit contributions and promote the financial interests of both schools. His eloquent and earnest appeal was listened to with profound attention on Thursday. He has furnished your committee with the following statement: Paine Institute is located at Augusta, Georgia, and Lane Institute at Jackson, Tennessee. Together they are teaching about 400 scholars, and are provided with a sufficient corps of teachers.

There can be no doubt of our duty, as a church, to aid these colored brethren in their laudable efforts to provide intelligent and Christian instructors for their people, who form so large a percentage of the population of our Southern states. Therefore

Resolved, That the Joint Board of Finance be and is hereby requested to apportion among the several Presiding Elders' Districts the sum of one hundred and fifty dollars, to be distributed by the several boards of District Stewards among the charges in each District, and that we will make a faithful effort to collect the same.

E. L. T. BLAKE, Chairman.

ON MEMOIRS.

CHAS. E. PELOT.

Charles E. Pelot was born in Columbia County, Fla., March 1st, 1842, and died in Tallahassee July 21, 1890. The son of pious parents, he was converted to God in childhood, and even through the trying scenes of army life—for he was a brave soldier of the Confederacy—maintained his Christian integrity. For several years before joining the Conference he was a local preacher, preaching acceptably and laboring faithfully for the souls of men. After a hard struggle, he presented himself for service in the itinerancy, giving himself fully to its demands. His was a complete commitment and a hearty acceptance of its conditions, requirements and doctrines.

At the Monticello Conference in January, 1877, he with seven others were admitted on trial, six of the class, including himself, being preacher's sons. He was ordained deacon by Bishop Kavanaugh, November, 1878; and elder, by Bishop Pierce, in 1880. He served Ft. Mason Mission in 1877. Ft. Myers Circuit the two next years, was sent to Alafia Circuit in 1880 and '81, to Bartow Circuit in '82 and Ft. Meade Circuit in '83. In '84 and '85 he was pastor at Orlando, at Tampa in '87 and '88, Myers in 1889, and received his last earthly appointment to Spark's Chapel, Key West, in 1890. At most every point he was very successful in reviving the Church, building up its material state and laying good foundations for future prosperity. At Orlando, he was blessed with a revival of rare power. He was instrumental in the erection of church buildings at Ft. Meade, Bartow and Orlando, and several parsonages. He was a faithful administrator of discipline; and while loving and kind to the erring, with unswerving fidelity he executed the laws of the Church. He "knew no man after the flesh" in the discharge of this delicate duty. He hated sin. He loved holiness. He recognized the enmity of the carnal mind, and the hostility of the world to Christ and the Church. He had no compromise to make with any of the foes of his Lord. He was fearless both in discharge of duty and in preaching the truth. Brother Pelot had a strong, clear Christian experience, realizing the power of the atonement to wash away sin and save to the uttermost. He was a man of prayer. His devotion to the doctrines, polity and institutions of the Church was deep. In great feebleness just before his last illness, he attended the annual meeting of the Trustees of the Conference College, of which Board he was President. He loved the College and gave and worked for its success.

He felt when appointed to Key West, that it would be his last work. Weeks and months of feebleness and pain preceded his departure. With unwavering faith he met the last

enemy. When reason itself seemed dethroned, he said: "Whatever else I may not now know, of this I am sure—my religion." "Tell the brethren," said he, "not to be anxious about where they may be sent; I would rather go on God's choice to the poorest Mission in the Florida Conference than select for myself its best work." It was well with him; he died in the faith.

H. E. PARTRIDGE.

Chairman Committee.

R. M. TYDINGS.

Richard McKendree Tydings was born in Pittsburg, Pa., July 1st, 1823. When he was but a child his father moved to Kentucky, where for years he was Methodist itinerant. In young manhood Brother Tydings was converted to God and joined the Church. In 1844 he was licensed to preach, and soon thereafter joined the Louisville Conference. In 1850 he was transferred to the Florida Conference, where for twenty-one years he labored faithfully and well in circuit, station and district work in almost every section of the State. In 1872 he transferred west, and for several years served the Church in Arkansas; but in 1880 returned to Florida, the scene of his earlier labors and successes, and among the brethren whom he so dearly loved. At the close of 1866, he took a superannuated relation, but even then, though feeble in body, did much work for the Master. Brother Tydings was a man of gentle disposition and sweet spirit. Love was the characterizing feature of his religious experience—love which enabled him to take hard appointments, bear privations, suffer hardship; love which was unsuspicious, unselfish, gentle. He was as gentle as a woman, yet brave and patient as a martyr. Brother Tydings was well acquainted with our theology, and heartily embraced and faithfully preached its teachings, exemplifying them in his life. In his declining years, his devotion to Christ and the Church suffered its crucial test when called upon to give his lovely daughter Ellie, his oldest born, to the foreign mission work in Mexico. But freely he sent her forth to her Divinely appointed work, as he himself had gone in young manhood, since for him to live was Christ, to die was gain. To the true wife who had faithfully and patiently borne with him the burdens of life, he sweetly spoke of the rest Heaven would give him. He fell asleep December 27th, 1890. Such characters and lives may not be satisfactorily portrayed with pen: they shine best in the lives where they have stamped their impress. And God has them written in His Book; there they will never die. The face and presence of our saintly Tydings are no more among us, but beam in the light of Heaven's eternal day, where may we see them, when we behold the King in his beauty!

CUBAN MISSION, KEY WEST, FLA.

ANNUAL REPORT.

Bishop and dear Brethren :

The present condition of this field is all that can be reasonably expected. God's faithfulness in the bestowal of divine grace upon his servant, the missionary, during the year, is entirely beyond his ability to express. Suffice it to say, that, in the many perplexing trials through which we have passed, the blessed Holy Spirit hath led us to the highest degree of success possible under existing circumstances. "Blessing and honor, and glory, and power, be unto Him that sitteth upon the throne and unto the Lamb for ever and ever."

I. Our Church has had twenty-one accessions during the year; removals, deaths etc., 10, thus making a net increase of eleven members. Were this Conference aware of the exceeding great care and caution exercised in admitting persons in to the Church, a net increase of even eleven would be considered a grand achievement. In this we have a special object in view, viz: the setting up of a light in the midst of these people that shall send forth its brightness into the darkest corner within reach of its life giving rays. "Ye are the light of the world," said the Master. "A city that is set on a hill cannot be hid. Neither do men light a candle and put it under a bushel, but on a candle-stick; and it giveth light unto all that are in the house. Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven." We want Bible Christians! We need bright lights. We must have healthy trees that will yield good, wholesome fruit, on which the eager multitude may feast.

II. Our Church Library continues to exert a salutary influence on the minds and hearts of the people. Some of our members manifest a deep interest in perusing our religious literature. Very nearly one-half of our members are subscribers to our Church paper in Spanish, edited and published by Dr. Sutherland in the city of Mexico. There were no papers taken last year.

III. Some very important new features have been introduced during the year:

1. Adult Baptism. Having been convinced of the inconsistency of accepting the sacraments of Romanism, while loudly protesting against other articles of faith of minor importance, which are peculiar to that church, the validity of Romish baptism is no longer recognized by us. Hence, not being aware of the existance of any law of our

church prohibiting it, I have unhesitatingly baptized both those already in the church, and all candidates for membership.

2. Until this year, female members had not taken any part in the public services of the church. This is mainly, if not entirely, due to Roman Catholic training, and a deep seated prejudice with regard to the propriety of the act. This year, however, our sisters have been praying and speaking in the meetings "as the Spirit hath given them utterance."

3. The love feast also has been introduced this year. How wonderfully has the Lord blessed us while engaged in these most spiritual and edifying services of our church. As has been stated in a recent letter to the *Florida Christian Advocate*, our Love feasts are special times of refreshing from the presence of the Lord.

4. Another improvement is the pecuniary aid given to the Pastor by his congregation which is entirely composed of poor persons. While the amount contributed is quite small (\$22.75) yet, taking into consideration the motive that prompted the hearts of the donors, and also the fact that they are totally unaccustomed by their early religious training to make such contributions, their action shows, at least, a desire and disposition to comply with the requirements of our Methodist law.

5. Bro. M. Delofew, one of our most spiritual and efficient members, was licensed to exhort by the third Quarterly Conference, in the month of October. The prayers of the Conference are earnestly desired for the increased piety and usefulness of this dear brother.

6. I have sold religious books to the amount of two dollars and thirty cents. distributed thousands of tracts, and sold and donated many Bibles, and Testaments.

7. Our Sunday-school has received help from the Conference S. S. Board to the amount of five dollars.

8. The following incident will give an idea of the thoroughness and soundness of the work accomplished during the year. Upon visiting a certain family, the head of which was a Roman Catholic, I very soon discovered that there was in his bed room, a table covered with beautifully embroidered white cloth. On this rested several wooden images, a great quantity of flowers and a multitude of candles. The wife, a Protestant (though not converted at that time) asked me to walk into the room and see the gods whom her husband worshiped. While standing there before those dumb idols, and thinking of the depths of degradation and sin into which one may fall, I solemnly vowed to God, that if He would open the way and

assist me with His grace, His precious word of truth should be preached in that very house. A few days after this occurrence, my first sermon to that dear family was preached under their own roof. O! how the Lord did help His servant on that particular occasion to unfold the riches of His wonderful saving grace. The result was the happy conversion of the whole family to God. The Catholic images and altar have been torn down long since, and a simply constructed book stand with a Holy Bible resting on it, marks the very spot where dumb idols had been before set up for worship. And not this alone, but judging from their testimony and consistent christian walk, Jesus, the King of Glory, reigns supreme and unrivaled within their hearts. Brethren, the Cuban Mission is of God. Neither the inability of the church to sustain it nor the indolence and neglect of those who should befriend and patronize it, nor yet even the very gates of hell can possibly prevail against it.

A mission chapel is very much needed in order to push forward the work. Four thousand dollars will both build and furnish it. In connection with this, I will simply refer to some remarks made by Dr. Morris in his eloquent address delivered last night in the interest of "Church Extension Work." He said that a church house was absolutely necessary to reach a community; that it is our challenge to the attention of that community—adding that it was necessary to our denominational integrity.

In speaking with regard to inadequate places of worship, he stated that as a pea-nut vender would not draw much attention, neither would an old dilapidated house of worship attract the attention of non-church goers. This is exactly how the case stands with us in Key West to-day, and I hope and trust that the Board of Church Extension, which is to hold their Annual Session in April next, will in response to our application donate a sufficient amount with which to erect a church edifice for the Cuban Mission in that Island city. In conclusion, I beg to call the attention of our Conference and of others who may possibly feel an interest in the work, to the fact that the Cuban Mission in Key West can no longer be considered a tentative movement. The trial period has passed away.

The time has fully come when, if Methodism would be true to the spirit of christian enterprise and of aggressiveness, which has ever been one of her leading characteristics, and of which she is justly proud, her attention must be speedily turned to this needy field within the compass of our own territory. May the blessed memory of our sainted founder the immortal John Wesley, to whose missionary spirit and zeal, American Methodism owes its existance and glory to-day, in-

spire the heart of the church with a deep and fervant solicitude for the salvation of the Cubans.

Respectfully submitted,
H. B. SOMELLIAN.

A PAPER RELATING TO THE INDIANS OF S. FLORIDA.

WHEREAS, There are about 500 Indians in South Florida, in the vicinity of Myers, Lee Co., and the Miami River region, and as the salutary protective laws forbidding the sale of spirituous liquors to them are flagrantly and notoriously violated, leading to general drunkenness, brutality and ruin, and as humanity demands that something shall be done for their social, civil and educational improvement, therefore.

Resolved, 1. That this Conf. memorialize the proper authorities of the general government of the U. S. and of the state of Florida to see that the protective laws relating to these Indians be enforced and any other practicable steps be taken for improving their condition.

Resolved, 2. That we appeal to the general government and to the legislature of the State of Florida, to co-operate with the Woman's Indian Association of the U. S., in establishing a school among these Indians, and to furnish them, in co-operation with the school, a fund to sustain a man as mission teacher, to instruct them as a tribe or people.

Resolved, 3. That as a Conference, we will co-operate with this movement, and as soon as practicable, and funds are provided therefor, find such a mission teacher as requested by the W. I. Association, to be regularly appointed by the authority of the church and under its supervision.

Resolved, 4. That we request Bishop Duncan to represent this Indian Mission to our general Missionary Board, requesting the Board to aid in sustaining a general teacher to the tribe or tribes of Indians, as such, in our State.

Resolved, 5. That the Chair appoint a Committee of three, composed of the P. E. of the Tampa district and one other preacher and one layman of the same district, to be selected by the P. E., to address proper papers to the proper authorities and take such action as is necessary to carry out the purposes of the above resolutions.

Respectfully,
H. B. FRAZEE,
E. J. HOLMES.

NOTE.—* denotes all claims paid in full; **, an excess; †, an excess in the collections; ‡, collections in full; †, \$200 raised on Nassau Circuit for junior preachers. Reports defective in amounts raised by W. M. S., and for Children's Day Fund and Conference College. ¶, figures for Hampton came in too late to show in reports.

EXPLANATORY NOTE.

Net gains compared with net losses in the several districts, should give the true difference. This it does not; for the preachers in making their reports to Conference are supposed to report from accurately kept registers, without reference to what was reported to the preceding Conference. Hence, in the net gain or loss in the districts and Conference, I have subtracted the aggregates of 1889 from those of 1890.

Other discrepancies appear in the columns of receipts for the various collections: the Secretary reports what is *reported*; the Treasurers what they *receive*.

STATISTICAL SECRETARY.
